Independent Auditor's Report

Board of Directors
University of Kentucky
Humanities Foundation, Inc.
University of Kentucky
Lexington, Kentucky

Opinion

We have audited the financial statements of the University of Kentucky Humanities Foundation, Inc. (Foundation), a nonprofit corporation affiliated with and a component unit of the University of Kentucky, as of and for the years ended June 30, 2023 and 2022, and the related notes to the financial statements, which collectively comprise the Foundation's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of the Foundation, as of June 30, 2023 and 2022, and the changes in financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audits of the Financial Statements" section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for 12 months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audits of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted

Board of Directors
University of Kentucky
Humanities Foundation, Inc.
Page 3

of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audits of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the board of directors listing but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audits of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

MANAGEMENT'S DISCUSSION AND ANALYSIS
YEARS ENDED JUNE 30, 2023 AND 2022**

The University of Kentucky Humanities Foundation's (the Foundation) Management's Discussion and Analysis (MD&A) of its financial condition provides an overview of the financial performance of the Foundation for the years ended June 30, 2023 and 2022. Management has prepared this discussion, which provides summary financial information, along with the financial statements and related footnotes. MD&A should be read in conjunction with the accompanying financial statements.

Financial Highlights

- Total assets increased \$81,171 or 4.8% due to an increase in endowment investments of \$83,461 offset by a decrease in pledges receivable, net of \$2,290.
- Net position increased \$81,171 or 4.8% as a result of operating revenues in excess of operating expenses. Net position represents 100.0% of total assets.
- Operating revenues increased \$209,509 or 260.7% primarily due to investment gains.
- Operating expenses decreased \$8,534 or 15.1% due to a decrease in education and general expenses and grants to the University of Kentucky for non-capital purposes.

Using the Financial Statements

This financial report consists of three financial statements: the Statement of Net Position; the Statement of Revenues, Expenses and Changes in Net Position; and the Statement of Cash Flows. These financial statements are prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*.

One of the most important questions asked about the Foundation's finances is whether the Foundation is better off as a result of the year's activities. One key to answering this question is the financial statements of the Foundation. The Statement of Net Position; Statement of Revenues, Expenses and Changes in Net Position; and the Statement of Cash Flows present financial information on the Foundation in a format similar to that used by corporations and present a long-term view of the Foundation's finances. The Foundation's net position (the difference between assets, deferred outflows of resources, liabilities, and deferred inflows of resources) is one sign of the Foundation's financial health. Over time, increases or decreases in net position indicate the improvement or erosion of the Foundation's financial health.

The Statement of Net Position includes all assets, deferred outflows of resources, liabilities, and deferred inflows of resources. It is prepared on the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged.

The Statement of Revenues, Expenses and Changes in Net Position presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or nonoperating. Gifts and endowment and investment income (loss) are classified as operating revenues (losses) because fundraising activities represent the Foundation's primary operating purpose.

Another important factor to consider when evaluating financial viability is the Foundation's ability to meet financial obligations as they become due. The Statement of Cash Flows presents information related to cash inflows and outflows, summarized by operating, noncapital financing, capital and related financing and investing activities.

Reporting Entity

The University of Kentucky Humanities Foundation, Inc. is a not-for-profit Kentucky corporation formed for the enhancement and improvement of the humanities programs of the University of Kentucky (the University). The Foundation was established by a gift to the University in the amount of \$500,000 from Mr. and Mrs. John R. Gaines. The Foundation is considered to be an affiliate and component unit of the University because all Foundation Board of Directors members are related to the University as faculty or staff and are appointed by the University Board of Trustees upon the recommendation of the president of the University, and certain officers of the Foundation are officers of the University.

Condensed Financial Information

Statements of Net Position

	<u>2023</u>	<u>2022</u>	<u>2021</u>
ASSETS			
Current assets	\$ 2,382	\$ 2,382	\$ 1,985
Noncurrent assets	1,760,748	1,679,577	1,816,846

Total liabilities	<u>—</u>	<u>—</u>	<u>—</u>
NET POSITION			
Restricted			
Nonexpendable	617,746	617,746	617,746
Expendable	1,145,384	1,064,213	1,201,085
Total net position	<u>\$ 1,763,130</u>	<u>\$ 1,681,959</u>	<u>\$ 1,818,831</u>

Assets. As of June 30, 2023, the Foundation's total assets, comprised of endowment investments and pledges receivable, net, amounted to \$1,763,130. Total assets increased by \$81,171 during the year ended June 30, 2023 due to an increase of endowment investments of \$83,461 offset by a decrease in pledges receivable, net of \$2,290. The endowment pool posted a total gain of 7.9% for fiscal year 2023 compared to a total loss of 5.0% in the prior year.

Liabilities. As of June 30, 2023, the Foundation had no liabilities.

Net Position. Net position at June 30, 2023 totaled \$1,763,130, 100% of total assets, all of which were restricted. Total net position increased \$81,171 during the year ended June 30, 2023 due primarily to realized and unrealized gains on endowment investments.

2022 Versus 2021. Total net position decreased \$136,872 from June 30, 2021 to June 30, 2022, due primarily to realized and unrealized losses on endowment investments.

Statements of Revenues, Expenses and Changes in Net Position

	<u>2023</u>	<u>2022</u>	<u>2021</u>
OPERATING REVENUES (LOSSES)			
Operating revenues (losses)	\$ 129,141	\$ (80,368)	\$ 427,482
Total operating revenues (losses)	<u>129,141</u>	<u>(80,368)</u>	<u>427,482</u>
OPERATING EXPENSES			
Educational and general	33,758	40,827	39,951
Grants to the University of Kentucky	14,212	15,677	13,157
Total operating expenses	<u>47,970</u>	<u>56,504</u>	<u>53,108</u>
NET INCOME (LOSS) FROM OPERATIONS	<u>81,171</u>	<u>(136,872)</u>	<u>374,374</u>
INCREASE (DECREASE) IN NET POSITION	81,171	(136,872)	374,374
NET POSITION, beginning of year	<u>1,681,959</u>	<u>1,818,831</u>	<u>1,444,457</u>
NET POSITION, end of year	<u>\$ 1,763,130</u>	<u>\$ 1,681,959</u>	<u>\$ 1,818,831</u>

2023. Operating revenues, comprised of investment income and gifts, increased \$209,509 from the previous year primarily due to realized and unrealized gains on endowment investments. The endowment pool posted a total gain of 7.9% for fiscal year 2023 compared to a total loss of 5.0% for fiscal year 2022.

Operating expenses totaled \$47,970 of which 70.4% was used for educational and general expenses, primarily student financial aid. Operating expenses decreased \$8,534 due primarily to an increase in student financial aid and grants to the University for non-capital purposes.

2022 Versus 2021. Operating revenues decreased \$507,850 when comparing fiscal year 2022 to 2021, due primarily to realized and unrealized losses on endowment investments. Operating expenses increased \$3,396 from fiscal year 2021 to fiscal year 2022 due to an increase in student financial aid and grants to the University for non-capital purposes offset by a decrease in instruction.

Another way to assess the financial health of an organization is to look at the Statement of Cash Flows. The primary purpose of the Statement of Cash Flows is to provide information about the cash receipts and cash payments made by the Foundation during the period. The Statement of Cash Flows also helps financial statement readers assess the Foundation's:

- ability to generate future net cash flows,
- ability to meet obligations as they become due, and
- need for external financing.

Statements of Cash Flows

	2023	2022	2021
CASH PROVIDED (USED) BY:			
Operating activities	\$ (39,875)	\$ (40,456)	\$ (49,908)
Investing activities	39,875	40,456	49,908
Net increase in cash and cash equivalents	—	—	—
Cash and cash equivalents, beginning of year	—	—	—
Cash and cash equivalents, end of year	\$ —	\$ —	\$ —

2023. Cash payments for operating activities included \$33,758 to vendors and contractors and \$14,212 to the University for noncapital grants. Cash receipts for operating activities included \$8,095 from private gifts.

Cash provided by investing activities included \$584,500 from the sale of investments and interest and dividend income of \$25,422, net of \$570,047 used in the purchases of investments.

2022 Versus 2021. Net cash provided by investing activities decreased \$9,452 primarily due to investment purchases net of the proceeds from sales and maturities of investments and interest and dividends. Net cash used by operating activities decreased \$9,452.

Capital Assets and Debt Administration

Capital Assets. Capital assets purchased by the Foundation are granted to the University of Kentucky at the time of acquisition.

Debt. The Foundation had no debt at or during the years ended June 30, 2023 or 2022.

Factors Impacting Future Periods

While inflation continues to impact the economy, the duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time. Management and staff anticipate increased costs in the upcoming year.

HUMANITIES FOUNDATION, INC.
A COMPONENT UNIT OF THE UNIVERSITY OF KENTUCKY
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2023 AND 2022**

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The University of Kentucky Humanities Foundation, Inc. (the Foundation) is a not-for-profit Kentucky corporation formed for the enhancement and improvement of the humanities programs of the University of Kentucky (the University). The Foundation was established during fiscal year 1985 by a gift to the University in the amount of \$500,000 from Mr. and Mrs. John R. Gaines. The Foundation is considered to be an affiliate and component unit of the University because all Foundation Board of Directors members are related to the University as faculty or staff and are appointed by the University Board of Trustees upon the recommendation of the president of the University, and certain officers of the Foundation are officers of the University.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). GASB establishes standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following net position categories:

- Net investment in capital assets: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- Restricted:
 - Nonexpendable* – Net position subject to externally imposed stipulations that they be maintained permanently by the Foundation. Such assets include the Foundation’s permanent endowment funds.
 - Expendable* – Net position whose use by the Foundation is subject to externally imposed stipulations that can be fulfilled by actions of the Foundation pursuant to those stipulations or that expire by the passage of time.
- Unrestricted: Net position whose use by the Foundation is not subject to externally imposed stipulations. Unrestricted net position may be designated for specific purposes by action of management or the Board of Directors or may otherwise be limited by contractual agreements with outside parties.

The financial statement presentation is intended to provide a comprehensive, entity-wide perspective of the Foundation’s assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues, expenses, changes in net position and cash flows.

Summary of Significant Accounting Policies

Accrual Basis. The financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when an obligation has been incurred.

Cash and Cash Equivalents. The Foundation considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash and cash equivalents of the Foundation’s endowment fund are included in noncurrent endowment investments.

Pledges Receivable. Pledges receivable consist of amounts due from donors once all eligibility requirements have been met. Amounts are recorded at net present value.

Pooled Endowment Funds. All endowments are managed in a consolidated investment pool, which consists of 2,564 named funds. All contributing endowments participate in the income and appreciation of the pool on a per-unit basis commensurate with their contribution to the pool. New endowments purchase units in the pool at the current unit value, which is calculated each month based on the fair value of the pool investments divided by the number of pool units outstanding. The market value method of accounting for pooled endowment funds is employed to ensure proper distribution of market price changes, realized gains (losses) on sales, accrued income earned, and distribution of investment earnings for expenditure by participating funds.

In accordance with the Kentucky Uniform Prudent Management of Institutional Funds Act (UPMIFA), as adopted by the Commonwealth of Kentucky (the Commonwealth) in July 2010, the University employs a total return method for establishing investment objectives and spending policies designed to achieve financial equilibrium for endowment funds over the long term. The University makes expenditure decisions in accordance with UPMIFA and donor gift agreements. UPMIFA prescribes guidelines for expenditure of a donor-restricted endowment fund (in the absence of overriding, explicit donor stipulations) and focuses on the entirety of a donor-restricted endowment fund, that is, both the original gift amount(s) and net appreciation. In accordance with the standard of prudence prescribed by UPMIFA and consistent with industry standards, the University has adopted a spending policy with the long-term objective to maintain the purchasing power of each endowment and provide a predictable and sustainable level of income to support current operations.

The adopted spending policy is a “hybrid” policy, which includes both the market value of the endowment and the current level of inflation in determining spending each year. Annual spending is calculated by taking a weighted average comprising 60% of the prior year’s spending, adjusted for inflation, and 40% of the amount that results when the target annual spending rate of four percent is applied to the average market value of the endowment over the preceding 36 months. The spending amount determined by the formula is constrained so that the calculated rate is at least 3.5 percent, and not more than five percent, of the current endowment market value.

The University also utilizes an endowment management fee to support internal management and fundraising costs related to the endowment. The University’s annual endowment management fee was 0.90% for the years ended June 30, 2023 and 2022.

To protect endowment funds from permanent impairment of value, spending and management fee withdrawals are suspended on endowments with a market value less than the contributed value by more than 20%. Additionally, endowments with a market value less than the contributed value by more than 10% undergo a formal review to determine the appropriate level of spending in accordance with various factors set forth in UPMIFA. All donor restrictions and stipulations prevail in decisions regarding preservation and spending of endowment funds.

The amount of gross spending policy distribution in accordance with the University’s endowment spending policy was \$58,062 and \$50,626 for the years ended June 30, 2023 and 2022, respectively.

Investments. Investments in marketable securities are carried at fair value. See footnote 2 for more information on the fair value determination. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income (loss) in the Statements of Revenues, Expenses and Changes in Net Position.

Income Taxes. The Foundation has been granted exemption from federal income taxation pursuant to the provisions of Internal Revenue Code section 501(c)(3).

Restricted Asset Spending Policy. The Foundation’s policy is that restrictions on assets cannot be fulfilled by the expenditure of unrestricted funds for similar purposes. The determination of whether restricted or

unrestricted funds are expended for a particular purpose is made on a case-by-case basis. Restricted funds remain restricted until spent for the intended purpose.

Operating Activities. The Foundation defines operating activities, as reported on the Statements of Revenues, Expenses and Changes in Net Position, as those that generally result from exchange transactions, such as payments received for providing goods and services and payments made for goods and services received. Gifts and endowment and investment income are also classified as operating revenue because fundraising activities support the Foundation’s primary operating purpose.

Use of Estimates. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to use estimates and assumptions that affect amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The accompanying financial statements include estimates for items such as accrued expenses for payroll and other liability accounts.

2. DEPOSITS AND INVESTMENTS

The fair value of deposits and investments, by type, at June 30, 2023 and 2022 are as follows:

	2023	2022
Investment in University pooled endowment fund	\$ 1,758,413	\$ 1,674,952
Total	<u>\$ 1,758,413</u>	<u>\$ 1,674,952</u>

Fair Value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at a measurement date. The framework for measuring fair value established by generally accepted accounting principles provides a fair value hierarchy as follows:

- Level 1 Quoted prices in active markets for identical assets or liabilities.
- Level 2 Observable inputs other than level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities.

Cash and cash equivalents on deposit with the University are based on the historical cost and therefore are not classified in the fair value hierarchy. The investment in the University pooled endowment fund is derived based on the per unit calculation as described in footnote 1, thus is deemed to be a level 3 investment. For more information regarding the fair value measurements, refer to the University’s financial statements, footnote 2. There have been no significant changes in the valuation techniques during the year ended June 30, 2023.

The composition of the University's pooled endowment fund based upon fair value at June 30, 2023 and 2022 are as follows:

	2023	2022
Cash and cash equivalents	0.3 %	0.2 %
Diversifying strategies	12.8 %	14.9 %
Global equity - international	16.6 %	15.2 %
Global equity - private	20.6 %	21.6 %
Global equity - U.S.	23.9 %	20.3 %
Global fixed income - public fixed income	7.9 %	9.0 %
Global fixed income - private credit	3.8 %	3.3 %
Real assets - private	12.4 %	13.3 %
Real assets - public	1.7 %	2.2 %
Total	100.0 %	100.0 %

Deposit and Investment Policies. The Foundation follows the deposit and investment policies established by the University's Board of Trustees. Such policies are developed to establish and maintain sound financial management practices for the investment and management of the Foundation's funds.

For purposes of investment management, the Foundation's deposits and investments can be grouped into two significant categories:

- Cash and cash equivalents on deposit with the University, which the University invests in deposits with banks and the Commonwealth. The University also invests cash on deposit in money market funds and the University's pooled endowment fund.
- Endowment investments in the University's pooled endowment fund.

Cash and cash equivalents on deposit with the University are managed within guidelines established by the University's Operating Fund Investment Policy, as approved by the Investment Committee of the University's Board of Trustees and maintained by the Operating Fund Investment Committee.

Endowment investments are managed within guidelines established by the University's Endowment Investment Policy, as approved by the Investment Committee of the University's Board of Trustees, which governs the University's pooled endowment fund.

Deposit and Investment Risks. The Foundation's deposits and investments are exposed to various risks, including credit, interest rate and foreign currency risk, as discussed in more detail below. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could affect the investment amounts in the Statements of Net Position.

Credit Risk. Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligation, causing the Foundation to experience a loss of principal. As a means of limiting its exposure to losses arising from credit risk, the University's investment policies limit the exposure of its various investment types, as follows:

- Cash and cash equivalents on deposit with the University are governed by policy that minimizes risk in several ways. The University's deposits, in Federal Deposit Insurance Corporation (FDIC) insured financial institutions, are covered up to \$250,000 at each FDIC insured institution. State law requires that deposits in excess of this coverage be fully collateralized, therefore depository institutions issue a pledge of specific U.S. Treasury or agency securities, held in the name of the University by the Federal Reserve Bank, to cover all amounts over the \$250,000 coverage.

- Deposits with the Commonwealth consist of securities eligible for short-term investments under state law. The University invests a portion of its operating cash in a diversified pool of money market funds. Fund investments include U.S. Treasury and agency securities, certificates of deposit, commercial paper, repurchase agreements and other short-term fixed income securities.
- Endowment managers are permitted to use derivative instruments to limit credit risk.

Custodial Credit Risk. Custodial credit risk is the risk that, in the event of the failure of the counterparty, the Foundation will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. As a means of limiting its exposure to losses arising from custodial credit risk, the University's investment policies limit the exposure of its various investment types, as follows:

- Cash and cash equivalents on deposit with the University are invested in deposits and money market funds which are held in the University's name by various financial institutions. Deposits with the Commonwealth are held in the Commonwealth's name. The University maintains records evidencing the Foundation's ownership interest in such balances.
- Endowment investments are held in the University's name by the University's custodian. The University maintains records of the Foundation's ownership interest (units) in the University's pooled endowment fund.

Concentrations of Credit Risk. The Foundation's investments can be exposed to a concentration of credit risk if significant amounts are invested in any one issuer. As a means of limiting its exposure to concentrations of credit risk, the University's investment policies limit concentrations in various investment types, as follows:

- Cash and cash equivalents on deposit with the University are not limited as to the maximum amount that may be invested in one issuer. However, the University's cash deposits in excess of federal deposit insurance are required to be fully collateralized by U.S. Treasury and/or U.S. agency securities or other similar investments as provided by KRS 41.240.
- The University's endowment core-plus fixed income manager is limited to a maximum investment in any one issuer of no more than five percent of total investments excluding sovereign debt of governments belonging to the Organization for Economic Cooperation and Development and U.S. agencies.

At June 30, 2023, the Foundation had no underlying investments in any one issuer which represented more than five percent of total investments, other than U.S. Treasury and agency obligations.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As a means of limiting its exposure to fair value losses arising from increasing interest rates, the University's investment policies limit the maturity of its various investment types, as follows:

- Cash and cash equivalents on deposit with the University have limited exposure to interest rate risk due to the short-term nature of the investment. The University requires that all deposits and money market funds be available for use on the next business day.
- Endowment managers are permitted to use derivative instruments to limit interest rate risk. Additionally, the University's actively managed core-plus fixed income portfolio manager is limited to a duration that is within two years of the duration of the Barclays U.S. Aggregate Bond Index. Unconstrained fixed income strategies have been implemented to further mitigate interest rate risk.

Foreign Currency Risk. Foreign currency risk is the risk that fluctuations in exchange rates will adversely affect the fair value of an investment or deposit.

The Foundation's exposure to foreign currency risk derives from certain endowment investments of the University's pooled endowment fund. The University's investment policy allows fixed income managers to invest a portion of their portfolios in non-U.S. securities. Additionally, the investment policy allows various pooled fund managers to invest in accordance with the guidelines established in each individual fund's

prospectus, which allows for investment in non-U.S. securities. Endowment managers are permitted to use derivative instruments to limit foreign currency risk.

3. PLEDGES RECEIVABLE, NET

Pledges receivable, net for June 30, 2023 and 2022, respectively, are as follows:

	<u>2023</u>		
	Gross		Net
	Receivable	Allowance	Receivable
Pledges receivable (less discount of \$158)	\$ 7,942	\$ (3,225)	\$ 4,717
Total	<u>\$ 7,942</u>	<u>\$ (3,225)</u>	<u>\$ 4,717</u>
Current portion			\$ 2,382
Noncurrent portion			<u>2,335</u>
Total			<u>\$ 4,717</u>
	<u>2022</u>		
	Gross		Net
	Receivable	Allowance	Receivable
Pledges receivable (less discount of \$314)	\$ 7,986	\$ (979)	\$ 7,007
Total	<u>\$ 7,986</u>	<u>\$ (979)</u>	<u>\$ 7,007</u>
Current portion			\$ 2,382
Noncurrent portion			<u>4,625</u>
Total			<u>\$ 7,007</u>

In accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Non-Exchange Transactions*, the Foundation is required to record operating pledges as revenue when all eligibility requirements have been met. For the years ended June 30, 2023 and 2022, the Foundation recorded the discounted value of operating pledges at a rate of two percent.

4. INVESTMENT INCOME (LOSS)

Components of investment income (loss) for the years ended June 30, 2023 and 2022 are as follows:

	<u>2023</u>	<u>2022</u>
Interest and dividends earned on endowment investments	\$ 19,644	\$ 22,136
Realized and unrealized gains (losses) on endowment investments	97,914	(118,120)
Interest on cash and non-endowment investments	<u>5,778</u>	<u>270</u>
Total	<u>\$ 123,336</u>	<u>\$ (95,714)</u>

5. RISK MANAGEMENT

The Foundation is exposed to various risks of loss related to torts and errors and omissions. These risks are covered by extension of coverage by the University's participation in an insurance risk retention group and self-insurance. Claims against directors and officers for wrongful acts (errors and omissions) are insured through a risk retention group. The insurance coverage limit was reduced from \$1.50 billion in 2022 to \$1.00 billion in 2023. Settlements have not exceeded insurance coverage during the past three years.

6. TRANSACTIONS WITH THE UNIVERSITY OF KENTUCKY

Grants to the University of Kentucky of \$14,212 and \$15,677 are primarily for endowment management fees for the years ended June 30, 2023 and 2022, respectively.
