Independent Accountants' Report on Financial Statements and Supplementary Information

Board of Trustees
University of Kentucky
WUKY Radio
Lexington, Kentucky

We have audited the accompanying basic financial statements of the University of Kentucky WUKY Radio (Station), a public broadcasting entity owned and operated by the University of Kentucky (University) and an organizational unit of the University, as of and for the years ended June 30, 2009 and 2008, as listed in the table of contents. These financial statements are the responsibility of the Station's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Station as of June 30, 2009 and 2008, and the results of operations and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying management's discussion and analysis, as listed in the table of contents, is not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the supplementary information and express no opinion on it.

Management's Discussion and Analysis

WUKY Radio's Management Discussion and Analysis (MD&A) of its financial condition provides an overview of the financial performance of WUKY Radio for the years ended June 30, 2009 and 2008. Management has prepared this discussion, which provides summary financial information. MD&A should be read in conjunction with the accompanying financial statements and related footnotes.

Using the Annual Report

This financial report consists of three financial statements: the Statement of Net Assets; the Statement of Revenues, Expenses and Changes in Net Assets; and the Statement of Cash Flows. These financial statements are prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*.

One of the most important questions asked about its finances is whether WUKY Radio is better off as a result of the year's activities. One key to answering this question is the financial statements of WUKY Radio. The Statement of Net Assets, Statement of Revenues, Expenses and Changes in Net Assets, and the Statement of Cash Flows present financial information on WUKY Radio in a format similar to that used by corporations, and present a long-term view of WUKY Radio's finances. WUKY Radio's net assets (the difference between assets and liabilities) are one sign of its financial health. Over time, increases or decreases in net assets indicate the improvement or erosion of WUKY Radio's financial health.

The Statement of Net Assets includes all assets and liabilities. It is prepared on the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged.

The Statement of Revenues, Expenses and Changes in Net Assets presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or nonoperating.

Another important factor to consider when evaluating financial viability is WUKY Radio's ability to meet financial obligations as they become due. The Statement of Cash Flows presents information related to cash inflows and outflows, summarized by operating, capital, financing and investing activities.

Reporting Entity

WUKY Radio is an organizational unit of the University of Kentucky (the University), which is a component unit of the Commonwealth of Kentucky (the Commonwealth) and is included in the basic financial statements of the Commonwealth. WUKY Radio is owned and operated by the University. Funds for operations are received from the University and through the University of Kentucky Research Foundation (the Foundation), the University's fiscal agent for contracts and grants.

Assets. As of June 30, 2009, WUKY Radio's assets totaled \$967,000. Capital assets represented WUKY Radio's largest asset, totaling \$740,000 or 76.5% of total assets.

Total assets increased \$13,000 during the year ended June 30, 2009. This increase was due primarily to an increase in cash of \$45,000 offset by decreases in pledges receivable of \$10,000 and capital assets of \$20,000.

Liabilities. At June 30, 2009, WUKY Radio's liabilities consisted of accounts payable and accrued expenses totaling \$8,000.

Net Assets. Net assets at June 30, 2009 totaled \$959,000, or 99.2% of total assets. Capital assets of \$740,000 comprise 77.2% of total net assets.

Total net assets increased \$18,000 during the year ended June 30, 2009. Net assets invested in capital assets, net of related debt decreased by \$20,000 due to depreciation offset by additions of equipment. Restricted net assets increased \$34,000 and unrestricted net assets increased \$3,000 because of revenues and transfers from the University in excess of expenses.

2008 Versus 2007. Total net assets increased \$8,000 from June 30, 2007 to June 30, 2008. Unrestricted net assets increased \$40,000 because of revenues and transfers from the University in excess of expenses. Restricted net assets decreased \$30,000 due to expenses and transfers to the University in excess of revenues. The remainder of the decrease was in capital assets net of related debt.

2009. WUKY Radio's operating revenues, primarily from underwriting income revenues of \$323,000 and community service grants of \$135,000, decreased slightly to \$502,000.

Operating expenses totaled \$1.4 million of which 54.0% was used for program services such as local programming production, broadcasting and program information expenses. The remaining 46.0% was used for supporting services such as management, fundraising, underwriting and grant solicitation expenses and depreciation. Operating expenses decreased \$81,000 mainly due to staff reductions resulting from less revenue from both operating and nonoperating sources.

For the year ended June 30, 2009, net nonoperating revenues totaled \$960,000, of which \$385,000 was from gifts and \$576,000 was from grants from the University of Kentucky in the form of administrative and facilities support. The gifts were comprised of cash gifts and pledges that were received as the result of fundraising activities. Revenue decreased in both categories due to current economic conditions.

2008 Versus 2007. Operating revenue decreased \$27,000 when comparing fiscal year 2008 to 2007. This decrease was due to fewer sales related to fundraising activities offset by increased underwriting income. Operating expenses increased \$53,000 due to increases in program production and management services. Net nonoperating revenues decreased \$167,000, primarily due to a decrease in capital grants related to the construction of the antenna and transmitter and offset by increases in operating gifts and grants from the University.

Condensed Statements of Cash Flows

Another way to assess the financial health of an organization is to look at the Statement of Cash Flows. The primary purpose of the Statement of Cash Flows is to provide information about the cash receipts and cash payments made by WUKY Radio during the period. The Statement of Cash Flows also helps financial statement readers assess WUKY Radio's:

- ability to generate future net cash flows,
- ability to meet obligations as they become due, and
- need for external financing.

	2009	2008	2007
CASH PROVIDED (USED) BY:			
Operating activities	\$ (764,250)	\$ (853,989)	\$ (789,462)
Noncapital financing activities	810,666	902,261	719,118

Cash and cash equivalents, end of year	<u>\$ 160,782</u>	<u>\$ 115,610</u>	<u>\$ 77,767</u>

2009. Cash payments for operating activities were \$475,000 to suppliers for goods and services and \$800,000 for salaries, wages and benefits. Cash receipts from operating activities were mainly from underwriting income of \$332,000 and grants of \$135,000. Cash used for operating activities decreased \$90,000, primarily due to a reduction in staff.

Cash receipts in the noncapital financing activities group were related to gifts of \$387,000 and grants from the University of Kentucky of \$423,000. Cash provided by this category decreased \$92,000 during fiscal year 2009 due to the reduction in nonoperating revenue discussed previously.

2008 Versus 2007. Net cash used by operating activities increased \$65,000 from June 30, 2007 to June 30, 2008, driven principally by an increase in salaries, wages and benefits and a decrease in sales related to fundraising activities. Net cash provided by noncapital financing activities increased \$183,000 primarily due to increases in gifts and grants from the University of Kentucky. Net cash used by capital financing activities decreased \$342,000 as a result of the completion of a transmitter and antenna project in fiscal year 2007.

Capital Asset and Debt Administration

Capital Assets. Capital assets, net of accumulated depreciation, totaled \$740,000 at June 30, 2009, a decrease of \$20,000. Capital assets as of June 30, 2009 and changes in capital assets during the year are as follows:

	Balance June 30, 2008	Net Additions/ (Deductions)	Balance June 30, 2009
WUKY PBS Antenna	\$ 751,414	\$ (1,000)	\$ 750,414

	(501,323)	68,780	(432,543)
Total	\$ 759,400	\$ (19,681)	\$ 739,719

Debt. WUKY Radio had no debt at or during the year ended June 30, 2009.

Factors Impacting Future Periods

WUKY Radio has been accepted by the Kentucky Broadcast Association (KBA) to become the primary Emergency Broadcast Station for this region. This will require equipment upgrades to satisfy KBA and Federal Communications Commission emergency alert system requirements. The project budget will be approximately \$200,000 for a tower site generator, an uninterrupted power supply (UPS) system, ice shielding for equipment, power transfer switches and auxiliary transmitter upgrade.

WUKY Radio has applied for a Federal Emergency Management Agency grant for the equipment additions and improvements. This project will be completed in phases as funding becomes available.

Due to current economic conditions, large declines in donations and grant revenue could negatively impact WUKY Radio's future financial results.

NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

WUKY Radio is an organizational unit of the University of Kentucky (the University), which is a component unit of the Commonwealth of Kentucky (the Commonwealth) and is included in the basic financial statements of the Commonwealth. WUKY Radio is owned and operated by the University. Funds for operations are received by the University and through the University of Kentucky Research Foundation (the Foundation), the University's fiscal agent for contracts and grants.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). GASB establishes standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following net assets categories:

- Invested in capital assets, net of related debt: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- Restricted:
 - Nonexpendable* – Net assets subject to externally imposed stipulations that they be maintained permanently by WUKY Radio. Such assets include WUKY Radio's permanent endowment funds.
 - Expendable* – Net assets whose use by WUKY Radio is subject to externally imposed stipulations that can be fulfilled by actions of WUKY Radio pursuant to those stipulations or that expire by the passage of time.
- Unrestricted: Net assets whose use by WUKY Radio is not subject to externally imposed stipulations. Unrestricted net assets may be designated for specific purposes by action of management or may otherwise be limited by contractual agreements with outside parties.

The financial statement presentation is intended to provide a comprehensive, entity-wide perspective of the WUKY's assets, liabilities, net assets, revenues, expenses, changes in net assets and cash flows.

Pursuant to GASB Statement No. 20, WUKY has elected to apply the provisions for all relevant pronouncements of the Financial Accounting Standards Board (FASB) that were issued on or before November 30, 1989 and do not conflict with or contradict GASB pronouncements.

Summary of Significant Accounting Policies

Accrual Basis. The financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when an obligation has been incurred.

Cash and Cash Equivalents. WUKY Radio considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Noncurrent cash and cash equivalents includes plant funds allocated for capital projects and endowment fund cash pending transfer to the custodian for investment. Cash and cash equivalents held by WUKY's endowment fund are included in endowment investments.

Pooled Endowment Funds. WUKY Radio's endowment investments are administered as part of the University's pooled endowment funds. The University employs the total return concept of investment management for setting investment objectives and determining investment performance. This concept recognizes dividends and interest, plus or minus realized and unrealized gains or losses, in determining the total return earned during any particular period. The market value method of accounting for pooled endowment funds is employed to ensure proper distribution of market price changes, realized gains (losses) on sales, accrued income earned, and distribution of investment earnings for expenditure by participating funds.

The Uniform Management of Institutional Funds Act (UMIFA), as adopted by the Commonwealth of Kentucky, permits the University to appropriate an amount of the realized and unrealized endowment appreciation to support current programs. Accordingly, spendable return from the endowment is determined using the total return philosophy. This philosophy recognizes a prudent amount of realized and unrealized gains as spendable return in addition to traditional yield. Distribution of investment earnings for expenditure by participating funds is supported first by traditional yield earned and, if necessary, a transfer from the endowment of any prior years' accumulated earnings (unexpended traditional yield) or net realized or unrealized gains.

The University's endowment spending rule provides for annual distributions of 4.5 percent of the three-year moving average market value of fund units. For the years ended June 30, 2009 and 2008 approximately \$500 and \$400 respectively, was transferred from endowment realized and unrealized gains to support current programs in accordance with the University's endowment spending rule. Additionally, the University assesses eligible endowment accounts with a management fee of 0.5 percent of total asset value.

Investments. Investments in marketable securities are carried at fair value, as determined by the major securities markets. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the Statement of Revenues, Expenses and Changes in Net Assets.

Capital Assets. Capital assets are stated at cost at date of acquisition or, in the case of gifts, at fair market value at date of gift.

Equipment with a unit cost of \$2,000 or more (\$1,000 for computers) and having an estimated useful life of greater than one year is capitalized. Renovations to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense is incurred.

Depreciation of capital assets is computed on a straight-line basis over the estimated useful lives of the respective assets, generally 40 years for buildings, 10 – 25 years for land and building improvements and infrastructure and 5 – 20 years for equipment.

Restricted Asset Spending Policy. WUKY Radio's policy is that restrictions on assets cannot be fulfilled by the expenditure of unrestricted funds for similar purposes. The determination on whether restricted or unrestricted funds are expended for a particular purpose is made on a case-by-case basis. Restricted funds remain restricted until spent for the intended purpose.

Operating Activities. WUKY Radio defines operating activities, as reported on the Statement of Revenues, Expenses and Changes in Net Assets, as those that generally result from exchange transactions, such as payments received for providing goods and services and payments made for services and goods received. WUKY Radio's operating revenues, other than community service grants from the Corporation for Public Broadcasting, are from exchange transactions. Certain significant revenues, such as gift revenue and grants from the University, are recorded as nonoperating revenues in accordance with GASB Statement No. 35.

Donated Services. Donated personal services of professional volunteers are recorded as revenue and expense in the accompanying statement of revenues, expenses, and changes in net assets at estimated fair value based upon standard valuation rates and job level classifications developed by the Corporation for Public Broadcasting.

Use of Estimates. Financial statements prepared in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

2. DEPOSITS AND INVESTMENTS

The fair value of deposits and investments, by type, at June 30, 2009 and 2008 is as follows:

	2009	2008
Cash on deposit with the University of Kentucky	\$ 160,782	\$ 115,610
Investment in the University of Kentucky pooled endowment fund	7,577	9,810
	\$ 168,359	\$ 125,420

At June 30, 2009, the University's pooled endowment fund consists of pooled equity funds (61.2%), pooled private equity funds (2.7%), pooled absolute return funds (2.2%), pooled real return funds (3.2%), pooled real estate funds (8.3%), U.S. Treasury fixed income (1.8%), government agency fixed income funds (0.2%), corporate fixed income funds (7.9%), pooled fixed income funds (9.9%) and cash equivalents (2.6%).

Deposit and investment policies. WUKY follows the deposit and investment policies established by the University of Kentucky's Board of Trustees. Such policies are developed to establish and maintain sound financial management practices for the investment and management of WUKY's balances.

For purposes of investment management, WUKY's deposits and investments can be grouped into two significant categories, as follows:

- Cash on deposit with the University of Kentucky, which the University invests in deposits and repurchase agreements with local banks and the Commonwealth of Kentucky, and
- Endowment investments in the University's pooled endowment fund.

Cash on deposit with the University is managed based on the University's Overnight and Short-Term Investment Policy approved by the Investment Committee of the University's Board of Trustees.

Endowment investments are managed by the University's Endowment Investment Policy as established by the Investment Committee of the University's Board of Trustees, which governs the University's pooled endowment fund.

Deposit and investment risks. WUKY's deposits and investments are exposed to various risks, including credit, interest rate and foreign currency risk, as discussed in more detail below:

Credit Risk. Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligation, causing WUKY to experience a loss of principal.

As a means of limiting its exposure to losses arising from credit risk, the University's investment policies limit the exposure of its various investment types, as follows:

- Cash on deposit with the University of Kentucky is governed by policy that minimizes risk in several ways. Deposits are governed by state law which requires full collateralization. Credit risk on repurchase agreements with local banks is mitigated by requiring the issuing financial institution's pledge of specific U.S. treasury or agency securities, held in the name of the University by the Federal Reserve Bank. Credit risk on repurchase agreements with the Commonwealth of Kentucky is mitigated by the Commonwealth's requirement that providers of overnight repurchase agreements collateralize these investments at 102% of face value with U.S. treasury or agency securities, pledged in the name of the Commonwealth.

- Endowment investments held by the University's fixed income managers are generally limited to holdings of high quality fixed income securities. These managers may invest a portion of the portfolio in other below-investment grade bonds, non-U.S. dollar denominated bonds, and emerging market bonds, provided the overall credit quality of the fixed income portfolios is not lower than A-.

Custodial Credit Risk. Custodial credit risk is the risk that, in the event of the failure of the counterparty, WUKY will not be able to recover the value of its investment or collateral securities that are in possession of an outside party.

As a means of limiting its exposure to losses arising from custodial credit risk, the University's investment policies limit the exposure of its various investment types, as follows:

- Cash on deposit with the University is invested in deposits and repurchase agreements with local banks, which are held in the University's name, and deposits and repurchase agreements with the Commonwealth of Kentucky, which are held in the Commonwealth's name. The University maintains records evidencing WUKY's ownership interest in such balances.
- Endowment investments are held in the University's name by the University's custodian. The University maintains records of WUKY's ownership interest (units) in the University's pooled endowment fund.

Concentrations of Credit Risk. WUKY's investments can be exposed to a concentration of credit risk if significant amounts are invested in any one issuer.

As a means of limiting its exposure to concentrations of credit risk, the University's investment policies limit concentrations in various investment types, as follows:

- Cash on deposit with the University is not limited as to the maximum amount that may be invested in one issuer. However, all such investments in excess of Federal Depository Insurance are required to be fully collateralized by U.S. treasury and/or U.S. agency securities or other similar investments as provided by KRS 41.240.
- The University's endowment fixed income managers are limited to a maximum investment in any one issuer of no more than 5% of total investments.

At June 30, 2009, WUKY had no underlying investments in any one issuer which represent more than 5% of total investments.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

As a means of limiting its exposure to fair value losses arising from increasing interest rates, the University's investment policies limit the maturity of its various investment types, as follows:

- Cash on deposit with the University has limited exposure to interest rate risk due to the short-term nature of the investment. The University requires that all deposits and repurchase agreements be available for use on the next business day.
- Endowment investments held by the University's fixed income managers are limited to a duration that is within +/-25% of the duration of the Lehman Aggregate Bond Index.

Foreign Currency Risk. Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or deposit.

WUKY's exposure to foreign currency risk derives from certain limited endowment investments of the University's pooled endowment fund, including pooled fixed income funds, a pooled global equity fund, and a pooled non-U.S. equity fund. The University's endowment investment policy allows fixed income managers to invest a portion of their funds in non-U.S. securities and equity fund managers of co-mingled portfolios to invest in accordance with the guidelines established in the individual fund's prospectus.

3. PLEDGES RECEIVABLE

Operating pledges totaling approximately \$74,200 are expected to be collected over the next three years. In accordance with GASB Statement No. 33, "Accounting and Financial Reporting for Nonexchange Transactions," WUKY is required to record operating pledges as revenue when all eligibility requirements have been met. Accordingly, at June 30, 2009, WUKY recorded the discounted value of operating pledges, net of the allowance for uncollectible pledges of approximately \$58,800, using a rate of 5%.

In-kind contributions and donated facilities and administrative support are recorded in revenues and expenses when received.

7. RISK MANAGEMENT

The University, of which WUKY Radio is an organizational unit, is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; and natural disasters. These risks are covered by the State Fire and Tornado Insurance Fund (the Fund), commercial insurance, extension of coverage by the University's participation in an insurance risk retention group, and self-insurance.

The Fund covers losses to property from fire, wind, earthquake, flood and other named perils between \$250,000 and \$500,000 per occurrence. Losses in excess of \$500,000 are insured by commercial carriers up to \$1 billion per occurrence at replacement cost. Claims against directors, officers and employees for wrongful acts (errors and omission) are insured through a risk retention group. There have been no significant reductions in insurance coverage from 2008 to 2009. Settlements have not exceeded insurance coverage during the past three years.

8. CURRENT ECONOMIC CONDITIONS

The current economic environment presents not-for-profit organizations with unprecedented circumstances and challenges which in some cases have resulted in large declines in private donations and nongovernmental grant revenue. These conditions have made it difficult for many donors to continue to contribute to WUKY Radio and for nonprofit foundations to fund community services such as WUKY Radio. Since WUKY Radio is substantially funded by grants from the Corporation for Public Broadcasting and private gifts, a decline in grant revenue and donations could have an adverse impact on WUKY Radio's future operating results. The ability of the University to provide support may also be affected. The financial statements have been prepared using values and information available to WUKY Radio.
