Independent Auditor's Report

Board of Trustees
University of Kentucky
WUKY Radio
Lexington, Kentucky

We have audited the accompanying basic financial statements, which are comprised of statements of net position as of June 30, 2014 and 2013, and statements of revenues, expenses and changes in net position and of cash flows for the years then ended and the related notes to the basic financial statements, as listed in the table of contents, of the University of Kentucky WUKY Radio (WUKY Radio), a public broadcasting entity owned and operated by the University of Kentucky (University) and an organizational unit of the University.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America. This includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to WUKY Radio's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WUKY Radio's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of WUKY Radio as of June 30, 2014 and 2013, and the changes in its financial position and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1, the financial statements of WUKY Radio are intended to present the financial position, the changes in financial position and cash flows of only that portion of the business-type activities, that is attributable to the transactions of WUKY Radio. They do not purport to, and do not, present fairly the financial position of the University as of June 30, 2014 and 2013, the changes in its financial position or its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Other Matter

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management's Discussion and Analysis

WUKY Radio's Management's Discussion and Analysis (MD&A) of its financial condition provides an overview of the financial performance of WUKY Radio for the years ended June 30, 2014 and 2013. Management has prepared this discussion, which provides summary financial information. MD&A should be read in conjunction with the accompanying financial statements and related footnotes.

Financial Highlights

- Total assets decreased \$69,445 or 6.2%. The most significant component of the fluctuation was a decline in accounts receivable of \$95,509.
- Total liabilities decreased \$14,709 or 52.3%. This change was due to a decrease in accounts payable and accrued liabilities.
- Total net position decreased \$54,736, or 5.1% due to a decline in restricted net position of \$25,491 and net investment in capital assets of \$34,324, offset by an increase in the unrestricted net position of \$5,079. Net position represents 98.7% of total assets.
- Operating revenues decreased \$44,306 to \$448,419.
- Operating expenses increased \$6,205 to \$1,395,476.

Using the Financial Statements

This annual report consists of a series of financial statements, prepared in accordance with Governmental Accounting Standards Board (GASB) Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities*.

One of the most important questions asked about its finances is whether WUKY Radio is better off as a result of the year's activities. One key to answering this question is the financial statements of WUKY Radio. The Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, and the Statement of Cash Flows present financial information on WUKY Radio in a format similar to that used by corporations, and present a long-term view of WUKY Radio's finances. WUKY Radio's net position (the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources) is one sign of its financial health. Over time, increases or decreases in net position indicate the improvement or erosion of WUKY Radio's financial health.

The Statement of Net Position includes all assets, deferred outflows of resources, liabilities and deferred inflows of resources. It is prepared on the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged.

The Statement of Revenues, Expenses and Changes in Net Position presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or nonoperating.

Another important factor to consider when evaluating financial viability is WUKY Radio's ability to meet financial obligations as they become due. The Statement of Cash Flows presents information related to cash inflows and outflows, summarized by operating, capital, financing and investing activities.

Reporting Entity

WUKY Radio is an organizational unit of the University of Kentucky (the University), which is a component unit of the Commonwealth of Kentucky (the Commonwealth) and is included in the basic financial statements of the Commonwealth. WUKY Radio is owned and operated by the University. Funds for operations are received from the University and through the University of Kentucky Research Foundation, the University's fiscal agent for contracts and grants.

2014. WUKY Radio's operating revenues of \$448,419, primarily from underwriting income revenues of \$301,676 decreasing \$44,306. This decline was primarily due to WUKY Radio only having one fundraising event this year compared to three events last year.

Operating expenses totaled \$1,395,476 of which 54.6% was used for program services such as local programming production, broadcasting and program information expenses. The remaining 45.4% was used for supporting services such as management and general, fundraising, underwriting and grant solicitation expenses and depreciation. Operating expenses increased \$6,205, primarily due to increases in underwriting and grant solicitation, and offset by decreases in fundraising.

For the year ended June 30, 2014, net nonoperating revenues totaled \$892,321, primarily composed of \$519,050 from grants from the University of Kentucky in the form of administrative and facilities support and \$372,455 from gifts. The gifts were comprised of cash gifts and pledges that were received as the result of fundraising activities. Grants from the University decreased \$9,475 due to decreases in equipment upgrades and other support provided.

2013 Versus 2012. Operating revenue increased \$15,135 when comparing fiscal year 2013 to 2012. This increase was due primarily to an increase in sales related to fundraising activities revenue. Operating expenses decreased \$142,241 due to decreases in local programming production, fundraising and management and general expenses. Net nonoperating revenues decreased \$65,596 due to capital grants and gifts, and grants from the University, offset by increases in gifts.

Condensed Statements of Cash Flows

Another way to assess the financial health of an organization is to look at the Statement of Cash Flows. The primary purpose of the Statement of Cash Flows is to provide information about the cash receipts and cash payments made by WUKY Radio during the period. The Statement of Cash Flows also helps financial statement readers assess WUKY Radio's:

- ability to generate future net cash flows,
- ability to meet obligations as they become due, and
- need for external financing.

Cash and cash equivalents, end of year	<u><u>\$ 291,009</u></u>	<u><u>\$ 207,400</u></u>	<u><u>\$ 209,506</u></u>

2014. The major sources of cash included in operating activities were underwriting income of \$289,176 and grants of \$232,544. The largest cash payments for operating activities were \$792,674 for salaries, wages and benefits and \$460,151 to suppliers.

Cash provided by noncapital financing activities decreased \$15,534 due to a decrease in gifts received for other purposes.

Net cash used for capital and related financing activities of \$23,876 was used for capital grants to the University.

2013 Versus 2012. Net cash used by operating activities decreased \$18,244 from June 30, 2012 to June 30, 2013, primarily caused by a decrease in cash provided by underwriting income. Net cash used by capital and related financing activities decreased \$14,935 primarily due to a decrease in capital grants and gifts received.

Capital Asset and Debt Administration

Capital Assets. Capital assets, net of accumulated depreciation, totaled \$666,161 at June 30, 2014, a decrease of \$34,324. Capital assets as of June 30, 2014 and changes in capital assets during the year are as follows:

	Balance June 30, 2013	Net Additions/ (Deductions)	Balance June 30, 2014
WUKY PBS Antenna	\$ 750,414	\$ -	\$ 750,414

	(749,136)	(12,945)	(762,081)
 Total	\$ 700,485	\$ (34,324)	\$ 666,161

Debt. WUKY Radio had no debt at or during the year ended June 30, 2014.

Factors Impacting Future Periods

WUKY Radio has two sources of funding that are impacted by the recent economic situation; membership and underwriting. Membership and underwriting revenue comprise over 50% of WUKY Radio's annual funding. WUKY Radio has experienced little growth in its membership pool for three years, due to the lack of economic recovery, station programming and competition. WUKY Radio has engaged in certain fundraising events to increase nonprofit community awareness. In addition, WUKY Radio has also partnered with multiple community organizations to raise awareness of the station in additional demographics.

Underwriting sales has experienced downward pressure during this economic climate. However, WUKY Radio is experiencing indicators that the climate is right for underwriting sales to increase. There has been increased contact from the business community seeking underwriting information from the station.

The economic recovery and its impact on revenue and revenue growth continues to be of concern to WUKY Radio.

NOTES TO FINANCIAL STATEMENTS

1. ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

WUKY Radio is an organizational unit of the University of Kentucky (the University), which is a component unit of the Commonwealth of Kentucky (the Commonwealth) and is included in the basic financial statements of the Commonwealth. WUKY Radio is owned and operated by the University. Funds for operations are received by the University and through the University of Kentucky Research Foundation (the Foundation), the University's fiscal agent for contracts and grants.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). GASB establishes standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following net position categories:

- Net Investment in capital assets: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- Restricted:
 - Nonexpendable* – Net position subject to externally imposed stipulations that they be maintained permanently by WUKY Radio. Such assets include WUKY Radio's permanent endowment funds.
 - Expendable* – Net position whose use by WUKY Radio is subject to externally imposed stipulations that can be fulfilled by actions of WUKY Radio pursuant to those stipulations or that expire by the passage of time.
- Unrestricted: Net position whose use by WUKY Radio is not subject to externally imposed stipulations. Unrestricted net position may be designated for specific purposes by action of management or may otherwise be limited by contractual agreements with outside parties.

The financial statement presentation is intended to provide a comprehensive, entity-wide perspective of the WUKY Radio's assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues, expenses, changes in net position and cash flows.

Summary of Significant Accounting Policies

Accrual Basis. The financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when an obligation has been incurred.

Cash and Cash Equivalents. WUKY Radio considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Noncurrent cash and cash equivalents includes plant funds allocated for capital projects and endowment fund cash pending transfer to the custodian for investment. Cash and cash equivalents held by WUKY Radio's endowment fund are included in endowment investments.

Pooled Endowment Funds. All endowments are managed in a consolidated investment pool, which consists of more than 2,100 named funds. All contributing endowments participate in the income and appreciation of the pool on a per unit basis commensurate with their contribution to the pool. New endowments purchase units in the pool at the current unit value, which is calculated each month based on the fair value of the pool investments divided by the number of pool units outstanding. The market value method of accounting for pooled endowment funds is employed to ensure proper distribution of market

price changes, realized gains (losses) on sales, accrued income earned, and distribution of investment earnings for expenditure by participating funds.

In accordance with the Kentucky Uniform Prudent Management of Institutional Funds Act (UPMIFA), as adopted by the Commonwealth in July 2010, the University employs a total return method for establishing investment objectives and spending policies designed to achieve financial equilibrium for endowment funds over the long term. The University makes expenditure decisions in accordance with UPMIFA and donor gift agreements. UPMIFA prescribes guidelines for expenditure of a donor-restricted endowment fund (in the absence of overriding, explicit donor stipulations) and focuses on the entirety of a donor-restricted endowment fund, that is, both the original gift amount(s) and net appreciation. In accordance with the standard of prudence prescribed by UPMIFA and consistent with industry standards, the University has adopted a spending policy whose long-term objective is to maintain the purchasing power of each endowment and provide a predictable and sustainable level of income to support current operations.

The University has established a “hybrid” spending policy, which includes both the market value of the endowment and the current level of inflation in determining spending each year. Annual spending will be calculated by taking a weighted average comprising 60% of the prior year’s spending, adjusted for inflation, and 40% of the amount that results when the target annual spending rate of four percent is applied to the average market value of the endowment over the preceding 36 months. The spending amount determined by the formula will be constrained so that the calculated rate is at least three percent, and not more than six percent, of the current endowment market value. The hybrid spending policy will be phased in over two years with the new policy fully implemented in the year ending June 30, 2015. The year ended June 30, 2014 served as a transition year to the new policy and spending was based on four percent of the average market value for the preceding 60 months. For the year ended June 30, 2013, the University’s endowment standard spending rule provided for annual distributions of 4.25% of the 60 month moving average market value of fund units.

Additionally, for the fiscal year ended June 30, 2014, spending and management fee withdrawals were suspended on all endowments with a market value less than the contributed value by more than 20% at December 31st of the prior year. Endowments with a market value less than the contributed value by more than 10% went through a formal review to determine the appropriate level of spending in accordance with various factors set forth in UPMIFA. For fiscal year 2013 reduced spending rules were also established for certain endowments whose market value was less than the contributed value as of December 31st of the prior year.

For the years ended June 30, 2014 and 2013, the University’s annual endowment management fee was 0.25%, however endowments whose market value was less than the contributed value as of December 31st were exempt from the management fee in the subsequent fiscal year.

The amount of gross spending policy distribution in accordance with the University’s endowment spending policy was \$754 and \$433 for the years ended June 2014 and 2013, respectively.

Investments. Investments in marketable securities are carried at fair value, as determined by the major securities markets. Changes in unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the Statement of Revenues, Expenses and Changes in Net Position.

Capital Assets. Capital assets are stated at cost at date of acquisition or, in the case of gifts, at fair market value at date of gift.

Equipment with a unit cost of \$2,000 or more (\$1,000 for computers) and having an estimated useful life of greater than one year is capitalized. Renovations to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense is incurred.

Depreciation of capital assets is computed on a straight-line basis over the estimated useful lives of the respective assets, generally 40 years for buildings, 10 – 25 years for land and building improvements and infrastructure and 5 – 20 years for equipment.

Restricted Asset Spending Policy. WUKY Radio's policy is that restrictions on assets cannot be fulfilled by the expenditure of unrestricted funds for similar purposes. The determination on whether restricted or unrestricted funds are expended for a particular purpose is made on a case-by-case basis. Restricted funds remain restricted until spent for the intended purpose.

Operating Activities. WUKY Radio defines operating activities, as reported on the Statement of Revenues, Expenses and Changes in Net Position, as those that generally result from exchange transactions, such as payments received for providing goods and services and payments made for services and goods received. WUKY Radio's operating revenues, other than community service grants from the Corporation for Public Broadcasting, are from exchange transactions. Certain significant revenues, such as gift revenue and grants from the University, are recorded as nonoperating revenues in accordance with GASB Statement No. 35.

Donated Services. Donated personal services of professional volunteers are recorded as revenue and expense in the accompanying Statement of Revenues, Expenses, and Changes in Net Position at estimated fair value based upon standard valuation rates and job level classifications developed by the Corporation for Public Broadcasting.

Use of Estimates. Financial statements prepared in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

Income Taxes: The University, of which WUKY Radio is an organizational unit, is an agency and instrumentality of the Commonwealth of Kentucky, pursuant to Kentucky Revised Statutes sections 164.100 through 164.280. Accordingly, the University is excluded from federal income taxes as an organization described in section 115 of the Internal Revenue Code of 1986 as amended.

2. DEPOSITS AND INVESTMENTS

The fair value of deposits and investments, by type, at June 30, 2014 and 2013 is as follows:

	<u>2014</u>	<u>2013</u>
Cash on deposit with the University of Kentucky	\$ 291,009	\$ 207,400
Investment in the University of Kentucky pooled endowment fund	<u>27,009</u>	<u>23,363</u>
	<u>\$ 318,018</u>	<u>\$ 230,763</u>
Statement of Net Position classification		
Cash and cash equivalents	\$ 288,564	\$ 207,366
Restricted cash and cash equivalents	2,445	34
Endowment investments	<u>27,009</u>	<u>23,363</u>
	<u>\$ 318,018</u>	<u>\$ 230,763</u>

At June 30, 2014, the University's pooled endowment fund consisted of cash and cash equivalents (0.4%), common and preferred stock (4.6%), corporate fixed income funds (0.5%), government agency fixed income funds (0.2%), pooled absolute return funds (11.6%), pooled equity funds (28.3%), pooled fixed income funds (7.5%), pooled global tactical asset allocation funds (7.6%), pooled long/short equity funds (12.1%), pooled private equity funds (9.9%), pooled real estate funds (6.7%), pooled real return funds (9.6%), and U.S. Treasury fixed income (1.0%).

At June 30, 2013, the University's pooled endowment fund consisted of cash and cash equivalents (0.8%), common and preferred stock (4.3%), corporate fixed income funds (2.3%), government agency fixed income funds (0.9%), pooled absolute return funds (20.2%), pooled equity funds (37.9%), pooled fixed income funds (9.3%), pooled private equity funds (8.3%), pooled real estate funds (6.7%), pooled real return funds (8.5%), and U.S. Treasury fixed income (0.8%).

Deposit and Investment Policies. WUKY Radio follows the deposit and investment policies established by the University's Board of Trustees. Such policies are developed to establish and maintain sound financial management practices for the investment and management of WUKY Radio's balances.

For purposes of investment management, WUKY Radio's deposits and investments can be grouped into two significant categories, as follows:

- Cash on deposit with the University which the University invests in deposits and repurchase agreements with banks and the Commonwealth, and
- Endowment investments in the University's pooled endowment fund.

Cash on deposit with the University is managed based on the University's Operating Fund Investment Policy.

Endowment investments are managed by the University's Endowment Investment Policy as established by the Investment Committee of the University's Board of Trustees, which governs the University's pooled endowment fund.

Deposit and Investment Risks. WUKY Radio's deposits and investments are exposed to various risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could affect the investment amounts in the statements of net position.

Credit Risk. Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligation, causing WUKY Radio to experience a loss of principal.

As a means of limiting its exposure to losses arising from credit risk, the University's investment policies limit the exposure of its various investment types, as follows:

- Cash on deposit with the University is governed by policy that minimizes risk in several ways. Deposits are governed by state law which requires full collateralization for balances exceeding amounts covered by the Federal Deposit Insurance Corporation (FDIC). WUKY Radio deposits are insured up to \$250,000 at each FDIC insured institution.
- Credit risk on repurchase agreements is mitigated by requiring the issuing financial institution's pledge of specific U.S. Treasury or agency securities, held in the name of the University by the Federal Reserve Bank. Credit risk on repurchase agreements with the Commonwealth is mitigated by the Commonwealth's requirement that providers of overnight repurchase agreements collateralize these investments at 102% of face value with U.S. Treasury or agency securities, pledged in the name of the Commonwealth.
- Endowment managers are permitted to use derivative instruments to limit credit risk.

Custodial Credit Risk. Custodial credit risk is the risk that, in the event of the failure of the counterparty, WUKY Radio will not be able to recover the value of its investment or collateral securities that are in possession of an outside party.

As a means of limiting its exposure to losses arising from custodial credit risk, the University's investment policies limit the exposure of its various investment types, as follows:

- Cash on deposit with the University is invested in deposits and repurchase agreements which are held in the University's name. Deposits and repurchase agreements with the Commonwealth are held in the Commonwealth's name. The University maintains records evidencing WUKY's ownership interest in such balances.
- Endowment investments are held in the University's name by the University's custodian. The University maintains records of WUKY Radio's ownership interest (units) in the University's pooled endowment fund.

Concentrations of Credit Risk. WUKY Radio's investments can be exposed to a concentration of credit risk if significant amounts are invested in any one issuer.

As a means of limiting its exposure to concentrations of credit risk, the University's investment policies limit concentrations in various investment types, as follows:

- Cash on deposit with the University is not limited as to the maximum amount that may be invested in one issuer. However, all such deposits in excess of federal deposit insurance are required to be fully collateralized by U.S. Treasury and/or U.S. agency securities or other similar investments as provided by KRS 41.240.
- The University's endowment fixed income managers are limited to a maximum investment in any one issuer of no more than five percent of total investments excluding sovereign debt of governments belonging to the Organization for Economic Cooperation and Development and U.S. agencies.

At June 30, 2014, WUKY Radio had no underlying investments in any one issuer which represent more than five percent of total investments other than U.S. Treasury and agency obligations.

Interest Rate Risk. Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment.

As a means of limiting its exposure to fair value losses arising from increasing interest rates, the University's investment policies limit the maturity of its various investment types, as follows:

- Cash on deposit with the University has limited exposure to interest rate risk due to the short-term nature of the investment. The University requires that all deposits and repurchase agreements be available for use on the next business day.
- Endowment managers are permitted to use derivative instruments to limit interest rate risk. Additionally, endowment investments held by the University's core-plus fixed income managers are limited to a duration that is within two years of the duration of the Barclays Aggregate Bond Index and new unconstrained fixed income strategies have been implemented to further protect against rising interest rates.

Foreign Currency Risk. Foreign currency risk is the risk that fluctuations in exchange rates will adversely affect the fair value of an investment or deposit.

WUKY Radio's exposure to foreign currency risk derives from certain endowment investments of the University's pooled endowment fund. The University's investment policy allows fixed income managers to invest a portion of their portfolios in non-U.S. securities. Additionally, the investment policy allows various pooled fund managers to invest in accordance with the guidelines established in each individual fund's prospectus, which allows for investment in non-U.S. securities. Endowment managers are permitted to use derivative instruments to limit foreign currency risk.

3. PLEDGES RECEIVABLE

In accordance with GASB Statement No. 33, *Accounting and Financial Reporting for Nonexchange Transactions*, WUKY Radio is required to record operating pledges as revenue when all eligibility requirements have been met. Accordingly, at June 30, 2014 and 2013, WUKY Radio recorded the discounted value of operating pledges using a rate of two percent.

At June 30, 2014, pledges are expected to be collected over the next fifteen years, as follows:

	<u>2014</u>	<u>2013</u>
Operating gift	\$ 38,453	\$ 153,716
Underwriting	32,891	20,391
Total	71,344	174,107
Less discount and allowance	<u>13,174</u>	<u>89,070</u>
Total	<u>\$ 58,170</u>	<u>\$ 85,037</u>
Current Portion	\$ 40,531	\$ 20,392
Noncurrent Portion	<u>17,639</u>	<u>64,645</u>
Total	<u>\$ 58,170</u>	<u>\$ 85,037</u>

	<u>\$ 126,624</u>	<u>\$ 112,246</u>

In-kind contributions and donated facilities and administrative support are recorded in revenues and expenses when received.

7. RISK MANAGEMENT

The University, of which WUKY Radio is an organizational unit, is exposed to various risks of loss related to torts and errors and omissions. These risks are covered by extension of coverage by the University's participation in an insurance risk retention group and self-insurance. Claims against directors and officers for wrongful acts (errors and omissions) are insured through a risk retention group. There have been no significant reductions in insurance coverage from 2013 to 2014. Settlements have not exceeded insurance coverage during the past three years.
